The Inquiry

GRADE 9 UNIT 1: THE PARTICULAR NATURE OF MATTER

MR. TONY QUAN

Matter can have many different properties, or characteristics. Materials can be hard or soft, rough or smooth, hot or cold, liquid, solid or gas. The properties and changes of any type of matter depend on its makeup. Some types of matter are substances and some are not. Matter is anything that has a mass and takes up space.

QCIE
SCIENCE

YOUR
TEACHER

My name is Tony Quan and I am the QCIE Math and Science teacher.
